A total shock! I never imagined leaving one day and never being able to go home again because my house, all the things you work hard to have were gone in one day. But I do have my life and that was the only good thing.

Write something special that you would like Santa to bring you or your family:
What I really WANT is to wake up + all this to just be a BAD Dream, but I know that can't happen!
I guess I would like a Laptop computer.

Although, Christmas came early for me.- Since I lost all 4 of my dogs in the Hurricane my brother got me another one. I came home from work one Friday night & there was a box on my step to my Camper. I thought they may have been using it to pick up things in their yard. As I get closer to the box up pops a little brown head. He had gotten me a chocolate lab puppy to replace the one I lost from the storm. She is 3mts old & her name is Molleigh. I dropped everything I had in my hands & as I held her - all I could do was cry while she licked my chin. So see, If I didn't get another single thing for Christmas I would still be Happy - because that was the only thing I really wanted. Christmas wishes do come true!

Hope your holiday season is as Happy for you as my brother has made mine for me.

Thanks!

Charmaine

Merry Christmas!
